# About Us

RM ALLOYS is a customer driven organization that has made a commitment to supply products and services that will meet or exceed our customer's needs and expectations. The Directors of RM ALLOYS are into Aluminium business for the past two decades. Through the implementation of our quality system we strive to reduce costs while maintaining and improving our quality and competitiveness in the aluminium alloys marketplace. RM ALLOYS manufacture standard general purpose aluminium alloys, exhibiting an excellent combination of cost, strength, ductility, impact strength and finishing characteristics. We are the first choice when considering die casting.

Aluminium alloys are alloys of aluminium, often with copper, zinc, manganese, silicon, or magnesium. They are much lighter and more corrosion resistant than plain carbon steel, but not quite as corrosion resistant as pure aluminium.

Aluminium alloy compositions are registered with the Aluminium Association. Many organizations publish more specific standards for the manufacture of aluminium alloy, including the Society of Automotive Engineers standards organization, specifically its aerospace standards subgroups and the ASTM.

RM ALLOYS has obtained test certificates to underline quality of its products. RM ALLOYS has obtained ISO 9001:2015. Certifications inspire confidence and trust.

**WE MANUFACTURE ALL KINDS OF ALUMINIUM  
INGOTS**

## OUR CAPACITY

We are importing approx.. 15000 MT. of raw material majorly Aluminium scrap per year and manufacturing approx.. 5000 MT of Aluminium ingot.

## OUR MISSION

RM ALLOYS will, over in the next Few years, expand its operations and to save millions tons of CO2 emission by recycling of aluminium scrape and to provide additional opportunities for companies to network across the waste and recycling industry.

## OUR VISION

RM ALLOYS become a benchmark company and a trendsetter for the aluminium recycling industry in supply of both solid/liquid products and contribute in the task of nation building to make India's most industrialized nation in the 21st century.

All the Products Dispatched From The Factory Has  
THREE QUALITY CHECKS Through The HIGHEND  
SPECTROMETER

## OUR PRECIOUS CLIENTS

- 1) M.TECH EQUIPMENTS
- 2) US METAL PRODUCTS
- 3) GLOBE METAL SOLUTIONS
- 4) WYAN INDUSTRIES PRIVATE LIMITED
- 5) GLOBE HITECH INDUSTRIES
- 6) PRG INDUSTRIES
- 7) INDRANI AUTOMOTIVE & ENGINEERING
- 8) SUPERAUTO INDUSTRIES
- 9) POOJA DIE CASTING
- 10) ULTRA TECH COMPONENTS (INDIA) PVT LTD
